Newsletter: Looking for someone to volunteer to bring back news letter

- Alternate is for KL7RF to archive website news post to keep some type of history of club activities

Repeater Report:

- KB8PXM has amps and will evaluate as best he can, GE Amp has a max input of .25watt, if the input was not attenuated might have caused it to blow input section
- .230 back on the air at 20 watts, no amp
- 440 Repeater antenna at KC9PUW has had connections wrapped and coax secured, waiting for details to deliver, also will need antenna analyzer right before install to make sure it still “looks” good

New Business: Gate Way to Fall Festival at Newcomerstown August 17, 2019, ARES and the club has been invited to set up a booth for ARES/ Emergency Radio communications in their “Safety City” section
