

Coshocton Amateur Radio Association  
Meeting Date: 11/6/2019

In Attendance: KC8YXY, KL7RF, KB8HEA, AA8BN KE8WIP, KB8PXM, NF8U, N8VV

ARES – General discussion about new military standard digital program M-110

- No progress on getting coax run at County Services Building; we are trying to get permission through the county commissioners.

MEETING called to order at 7:15

Treasurer Report: KB8HEA

Accepted as read

Repeater report – Having trouble with the receiver section on the 045, maybe due to lower antenna use. Tom will check and put a new connector on the coax for the taller antenna.

Web Report- We are needing information sent in which would be of interest to the members.

Old Business: The taller antenna at the 045 has coax drooping from the wire that supports it due to failing wire ties. We need to make a repair with new zip ties.

New Business: Next month we will be electing officers for next year. Please consider running for an office. Bring refreshments for the next meeting.

Nominating committee for this year will be KC8YXY, KL7RF, KE8WIP.

Motion was made by KE8WIP to remove the specific day of the month mention for the meeting night in the bylaws. Motion seconded by NF8U. Motion passed. We will direct the secretary to make the changes in the bylaws and prepare it for signatures by the officers.

Program: KL7RF presented a short program on the new FT-8 digital mode. A discussion was held by those who have been using it.

Ke8wip motioned to adjourn 2<sup>nd</sup> by NF8U

8:22PM
