It seems that Rod's 440 repeater is having receive trouble at times. Randy will report to Rod about it.  
AB8SV will replace Charlie as net control for the ARES net on the first Monday of the month.

ARES:

SET is coming up on October 7<sup>th</sup> and 8<sup>th</sup>. Not sure about how it will be planned.  
Many thanks to AB8SV and crew for getting the antenna and coax run from the EMA Office.

OLD BUSINESS:

The club auction of Craig Affolter's radio equipment was a success and most of the radios were auctioned off. The remaining equipment will be put up for sale on the club website and if not sold, put up on ebay. The proceeds went to the club treasury.

NEW BUSINESS

Because of the County fair, we will set the meeting date for October, one week later on Oct. 8.

Because of the election day coinciding with our November club meeting, we will postpone that meeting until Nov. 12.

AA8BN is transferring the management of the club VEC team to KE8WIP. Steve will check with the sponsoring ARRL for details of how to do that.
